

# George Chelal Chementer

23-year-old Kenyan | Electrical Engineering Student

## Contact Information:

Email: [jojchelal@gmail.com](mailto:jojchelal@gmail.com)

Phone: 0706875597

LinkedIn: George Chelal

Location: Kenya

## Objective:

Passionate about technology with a strong interest in merging electronics and app development.

Seeking opportunities to innovate and build impactful solutions that bridge hardware and software.

## Education:

University of Nairobi, Electrical Engineering (Present)

Studying advanced concepts in circuits, power systems, and embedded technology.

Sunshine Secondary School (2016 - 2019)

Active in science fairs and coding clubs; developed a keen interest in electronics and innovation.

Carmelvale Catholic Primary School (2007 - 2015)

Built a strong foundation in academics with a special interest in science and technology.

## Skills:

- Electrical Engineering Fundamentals
- App Development Basics
- Problem-Solving and Innovation

# **George Chelal Chementer**

23-year-old Kenyan | Electrical Engineering Student

- Team Collaboration and Communication

## **Interests:**

- App development integrated with electronic systems
- Experimenting with emerging technologies in the field of electronics
- Continuous learning and applying new technical skills

## **Additional Information:**

- Attended various tech workshops, hackathons, and online courses.
- Passionate about finding creative solutions to complex technological challenges.
